

Lines

The cost of a book and a notepad is \$9.24. The cost of 4 books, 2 notepads, and one pen is \$28.96. If one book and one pen is \$6.49, how much does one book cost?

Angles

There are six bookshelves with 72 books on each shelf. How many books are there altogether? If $\frac{1}{3}$ of these are non-fiction, how many fictional books are there?

Polygons

Of 100 children in Grade 5 and Grade 6, three quarters have pets: 40 children have a dog: 18 children have a cat. How many children have other kinds of pets?
